Certified Crop Adviser - Professional Commitment and Knowledge -

Peace of Mind for Your Farm

Dear Sirs and Madams,

The Indiana Board of Certified Crop Advisers and Purdue University will host their annual agronomy conference December 19-20, 2023. This event has been attended annually by over 700 Certified Crop Advisers, educators, retailers and farmers from more than 14 states and provinces to hear about the latest research and technology affecting row crops. The Indiana CCA Board takes pride in creating an atmosphere of learning, comradery, networking and fellowship during this two-day event that is funded completely by the Indiana CCA program and its members. Certified Crop Advisers bring value back to your business through being trusted sources of sound and professional information to the farmers we serve.

For 2023, we would like to ask for your sponsorship of the morning breakfast breaks, the snack/drink breaks, and the Tuesday evening social event. Your sponsorship will allow Indiana CCA funds to be spent on the travel and other meeting costs for high quality researchers and experienced agronomists as speakers from around the country that Indiana CCAs might not have a chance to experience otherwise. These speakers can bring new thoughts, new ideas and new perspectives to our Midwestern farming operations. Listed below is the breakout of sponsorship levels. As a sponsor, you will be recognized on a conference banner showing the donor's company logo broken out by sponsorship level, as well as on the conference website. Donors will also be recognized in print on the agenda and verbally during the lunch presentation.

Please contribute to this fantastic event that keeps Certified Crop Advisers up to date on their continuing education credits and to remain knowledgeable in many facets of this ever-changing industry! Please contact our administrator, Mershon Tobin at info@indianacca.org or (217) 762-7955, with questions. Checks, made out to **Indiana CCA**, may be sent to Indiana CCA, 109 East Main Street, Monticello, IL 61856 by **November 30, 2023**.

Diamond Level - \$5000

Platinum Level - \$2500

Gold Level - \$1000

Silver Level - \$500

We know and understand that support comes in forms other than monetary donations, and your continued support of the Certified Crop Adviser program is greatly appreciated!

Sincerely,

Chair, Indiana CCA Board of Directors
